

Department of Animal Sciences General Seminar (ANeq 792A) Schedule – Spring 2014

**Seminar Held in Classroom at the ADAMS ATKINSON CLASSROOM (second floor)–
Equine Center -Foothills Campus**

Each Tuesday, Beginning 28 January 2014, 12:00 to 12:50

Current as of: Wednesday, March 19, 2014

Semester topics and objectives:

1. Provide students with training and experience in giving scientific presentations
2. Have faculty present their research, teaching and outreach programs so that the entire department is more familiar with what others do in the department.

These topics and objectives will be blended throughout 2014 semester. Our goal will be to have each student and some faculty present. There will be 2 student presentations of 15-18 minutes each on designated days. Faculty will have the entire seminar time for presentation of their program. There may also be a few outside speakers during each semester.

Week	Tuesday Date	Speaker and Topic	Comment
1	1/21	No Seminar	
2	1/28	Faculty – Dr. Kraig Peel	Confirmed
