Banned and Severely Restricted Pesticides

The [U.S. Environmental Protection Agency](http://www.epa.gov) (EPA) prepares a list of banned and severely restricted pesticides list as part of its participation in an international program known as the Prior Informed Consent (PIC) procedure.

Banned Pesticides

A "Banned" pesticide is defined as a pesticide for which all registered uses have been prohibited by final EPA action to protect human health or the environment. It includes pesticides that have been refused approval for first-time use or have been withdrawn by industry. See the back of this factsheet for a list of pesticides that have been banned in the United States.

Severely Restricted Pesticides

A "Severely Restricted" pesticide means a pesticide for which virtually all registered uses have been prohibited by final EPA regulatory action, but for which certain specific registered use or uses remain authorized.

U.S. Severely Restricted Pesticides	
arsenic trioxide	lindane
carbofuran (granular only)	pentachlorophenol
daminozide/alar	sodium arsenate
heptachlor	tributyltin compounds

U.S. Banned Pesticides

aldrin	ethyl hexyleneglycol [6-12]
benzene hexachloride [BHC]	fluoroacetamide
2,3,4,5-Bis(2-butylene)tetrahydro-2-furaldehyde [Repellent-11]	hexachlorobenzene [HCB]
bromoxynil butyrate	lead arsenate
cadmium compounds	leptophos
calcium arsenate	mercurous chloride
captafol	mercuric chloride
carbon tetrachloride	mevinphos
chloranil	mirex
chlordane	monocrotophos
chlordecone [Kepone]	nitrofen (TOK)
chlordimeform	OMPA (octamethylpyrophosphoramide)
chlorinated camphene [Toxaphene]	phenylmercury acetate [PMA]
chlorobenzilate	phenylmercuric oleate [PMO]
chloromethoxypropylmercuric acetate [CPMA]	potassium 2,4,5-trichlorophenate [2,4,5-TCP]
copper arsenate	pyriminil [Vacor]
cyhexatin	safrole
DBCP	silvex
DDT	sodium arsenite
dieldrin	TDE
dinoseb and salts	Terpene polychlorinates [Strobane]
Di(phenylmercury)dodeceny succinate [PMDS]	thallium sulfate
1,2-dibromoethane ethylene dibromide [EDB]	2,4,5-Trichlorophenoxyacetic acid [2,4,5-T]
endrin	vinyl chloride
EPN
