

**Specialty Crops Program Undergraduate Field Research Assistant**

**Job ID** 11956

**Job Type** On-Campus Hourly

**Employer** Horticulture and Landscape Architecture (1173)

<b>Job Description</b>	<p>Interested in learning to grow vegetables? Want more hand experience in the field. Then come help us with CSU's vegetable research program (Specialty Crops Program). Work closely with graduate students and staff to collect field and laboratory research data. Assist with maintenance and operation of research fields, greenhouse, and laboratory. Assist in planting, upkeep (weeding and mowing), and harvest of research plots. May assist with compilation of written reports and associated literature searches. Other duties as assigned. Job is primarily part-time (10-20 hrs/wk) but can include increased hours in the summer if applicant desires.</p> <p>This job will mostly take place at ARDEC South, but will also include indoor work at the Horticulture Center on campus as well as help with the Student Education Garden on campus.</p>
<b>Job Requirements</b>	<p>Qualified Candidate Must:</p> <ul style="list-style-type: none"><li>• Possess a valid driver's license.</li><li>• Must be detail-oriented.</li><li>• Must be willing to <b>work outdoors for extended periods of time</b>, be able to lift 50 lbs, and possess a reliable means of transportation.</li><li>• Individuals in the horticulture program or with a background in horticulture, agriculture or related field preferred.</li><li>• Applicants with the ability to safely use hand and power tools are preferred, including small mowers, line trimmers, and possibly small tractors.</li></ul> <p>Must be available to work during summer break.</p>
