PAPERS PRESENTED/SYMPOSIA/INVITED LECTURES/PROFESSIONAL MEETINGS/WORKSHOPS

My research and extension program is comprised of two primary components: 1) evaluating the farm, ranch, and food business profitability impacts of sales through non-commodity markets (e.g., local food markets, certification, or other product differentiation strategies); and, 2) assessing the community economic impacts of food system policies, investments, and programs. The below list is organized according to the research/program area.

Farm/Ranch/Food Business Profitability Impacts of Non-Commodity Markets
