This manuscript is unsuitable for publishing in a refereed journal because:

Page length is excessive for journal

Subject material is applicable to narrow audiences and not suited for journal distribution

Subject material is too broad in scope for a specific journal

Other (please specify)

Department Head Certification

I recommend that this Technical Bulletin be published as an Agricultural Experiment Station publication. The study is consistent with the objectives, approach and/or outline of the project supporting the research. A technical review of this manuscript has been performed by a reading committee assigned by me. The author(s) have considered and made appropriate changes to this manuscript. HEREIN SUBMITTED ARE THE FINAL MANUSCRIPT AND REVIEWER COMMENTS
