

Curriculum Vitae
Dr. Gary A. "Pete" Peterson

PERSONAL INFORMATION

Emeritus Professor
Former Head of the Department of Soil and Crop Sciences Colorado State University
Fort Collins, CO 80523
(970) 491-5555
gary.peterson@colostate.edu

AREAS OF SPECIALIZATION

Water Conservation and Tillage, Soil-Crop Management in Dryland Systems, Soil Organic Matter Management

ACADEMIC TRAINING

B.S. 1963 University of Nebraska - Technical Agronomy
M.S. 1965 University of Nebraska - Soil Science
(Advisor was Professor Robert .A. Olson)
Ph.D. 1967 Iowa State University - Soil Science
(Advisor was Dr. John Pesek)

PROFESSIONAL POSITIONS

Current Position:

Professor Emeritus, Soil and Crop Sciences, 2011-present

Previous Positions:

Head, Dept. of Soil and Crop Sciences, 2003-2011
Professor of Soil and Crop Sciences, 1984-2003
Professor of Agronomy, Univ. of Nebraska, 1974-84
Associate Professor of Agronomy, Univ. of Nebraska, 1971-74
Assistant Professor of Agronomy, Univ. of Nebraska, 1967-71
Research Associate, Iowa State Univ. 1964-1967
Graduate Research Assistant, Univ. of Nebraska, 1963-1964

PROFESSIONAL ACCOMPLISHMENTS

Career emphasis: Applications of soil science principles to the solution of field related soil management problems. Principle Investigator of the long-term Dryland Agroecosystem Project from 1985-2003, (cooperatively funded by CSU and the USDA-ARS). Project focus was developing dryland cropping systems that maximize water conservation, minimize soil erosion, and that are applicable to a wide range of climate-soil environments. System effects on long-term issues like system level water budgets, soil organic matter accumulation, and nutrient cycling were emphasized. Served as Editor, Soils-Technical Editor, and Soils-Associate Editor of Agronomy Journal, and Editor-in-Chief of ASA. Taught soil management courses from 1968 to 2003, and developed a set of team taught soil and crop management systems course for senior students at CSU. Major professor for 22 M.S. and 18 Ph.D. students. Authored or co-authored 110 refereed publications, 40+ non-refereed proceedings and papers, and numerous outreach publications. Delivered 200+ oral presentations to scientists, farmers, and industry clientele in the past 25 years in the U.S. and other countries of the world. Currently serves as Historian for the American Society of Agronomy.

COURSES RECENTLY TAUGHT

SOCR 421 Crop and Soil Management = 4 cr. (Fall semesters 2013, 2014, 2015)

SOCR 492 Senior Seminar = 1 cr. (Fall semester 2015)

HONORS AND AWARDS

- ✓ Distinguished Teaching Award, University of Nebraska, 1973
- ✓ Ciba-Geigy Award, American Society of Agronomy, 1974
- ✓ Fellow American Society of Agronomy, 1982
- ✓ Fellow Soil Science Society of America, 1982
- ✓ Colorado State Agronomy Club "Outstanding Educator of the Year", 1985
- ✓ Soil Science Applied Research Award, Soil Science Society of America, 1987
- ✓ Research Team Award by Great Plains Agriculture Council, 1990
- ✓ Agronomic Achievement Award - Soils, American Society of Agronomy, 1990
- ✓ Colorado State Agronomy Club "Outstanding Educator of the Year", 1990
- ✓ Outstanding Educator Award - Rocky Mountain Plant Food Assn., 1992
- ✓ NACTA/Shepardson Outstanding Teaching Award, 1993
- ✓ Researcher of the Year Award - Fluid Fertilizer Foundation, 1996
- ✓ Gamma Sigma Delta Research Merit Award, 1999
- ✓ Colorado State Agronomy Club "Outstanding Educator of the Year" 2000
- ✓ Colorado State Agronomy Club "Outstanding Educator of the Year" 2003
- ✓ President Soil Science Society of America 2008
- ✓ Fellow Soil and Water Conservation Society 2008
- ✓ Past President Soil Science Society of America 2009
- ✓ Fellow American Association for the Advancement of Science (AAAS) 2010
- ✓ College of Agricultural Sciences Distinguished Career Award 2011
- ✓ Distinguished Individual Award, Rocky Mountain Agribusiness Association, 2012
- ✓ Soil Science Distinguished Service Award, Soil Science Society of America 2012
- ✓ Distinguished Service Award, American Society of Agronomy, 2014

PERSONAL & FAMILY INFORMATION

"Pete" was born at Holdrege, Nebraska in 1940, and grew up on a small irrigated corn farm two miles north of Funk, NE. His formative education was in a one-room, one-teacher school in Phelps County. Pete graduated from Holdrege High School, "The Dusters", in 1958. He earned his B.S. in Technical Agronomy and M.S. in Soil Fertility at the University of Nebraska, and his Ph.D. in Soil Fertility at Iowa State University.

The first 17 years of Dr. Peterson's career were spent at the University of Nebraska teaching Introductory Soil Science, Soil Management, and Soil Chemistry Methods. His research in Nebraska was on soil fertility problems of wheat and sugar beet in cooperative efforts with Don Sander, Frank Anderson, and Louis Daigger. Pete's interest in no-till, water conservation, and soil organic matter was sparked by interactions with Prof. C.A. Fenster of the Panhandle Research Center at Scottsbluff Nebraska.

Pete moved to CSU in the summer of 1984, where he team taught Crop and Soil Management with Jack Fenwick for over 12 years before becoming Dept. Head in 2003. He retired in August 2011. His research effort at CSU was conducted in close partnership with Dr. Dwayne Westfall for 18 years. Their Dryland Agroecosystem Project was initiated in fall 1985, and its research goals were to: 1) increase overall precipitation use efficiency in dryland systems; 2) decrease soil erosion; and 3) reverse the long term

organic matter loss pattern that has accompanied conventional cropping practices in dryland areas. Pete served as major professor for 20 M.S. and 18 Ph.D. students.

Pete married Jackie in 1965, and they have two daughters, Kerstin and Ingrid. Kerstin and her husband, Russ Bruxvoort, live in Fort Collins, and they have three children (Kyla, Jakob, and Seth). Ingrid and her husband David Bradley also live in Fort Collins, and they have two children (Annika and Andrew). Pete's most enjoyable life activities are teaching adult Sunday School and leading a small group at Faith Evangelical Free Church in Fort Collins. Pete enjoyed his work so much that Jackie said his profession was his hobby! He enjoys weight lifting in an effort to keep fit. He also is interested in his Scandinavian roots and has served as President of the Northern Colorado Swedish Heritage Society.
